## **Multilateral CSA Notice of Amendments to** National Instrument 81-105 Mutual Fund Sales Practices and

**Related Consequential Amendments** relating to Prohibition of Deferred Sales Charges for **Investment Funds** 

January 20, 2022

#### Introduction

The Canadian Securities Administrators (CSA) except the Ontario Securities Commission (the Participating Jurisdictions or we), are adopting local amendments to:

- National Instrument 81-105 Mutual Fund Sales Practices,
- National Instrument 81-101 Mutual Fund Prospectus Disclosure (**NI 81-101**),
- National Instrument 31-103 Registration Requirements, Exemptions and Ongoing Registrant Obligations (NI 31-103),

#### and local changes to:

- Companion Policy 81-105 Mutual Fund Sales Practices,
- Companion Policy 81-101 Mutual Fund Prospectus Disclosure (81-101CP), and
- Companion Policy 31-103 Registration Requirements, Exemptions and Ongoing Registrant Obligations (31-103CP)

(collectively, the Local Amendments and Changes).

#### **Background**

On February 20, 2020, the CSA, with the exception of Ontario, published Multilateral CSA Notice of Amendments to National Instrument 81-105 Mutual Fund Sales Practices, Changes to Companion Policy 81-105CP to National Instrument 81-105 Mutual Fund Sales Practices and Changes to Companion Policy 81-101CP to National Instrument 81-101 Mutual Fund Prospectus Disclosure relating to Prohibition of Deferred Sales Charges for Investment Funds<sup>1</sup> (the

**Multilateral CSA Notice**). The amendments published in the Multilateral CSA Notice prohibit the payment by fund organizations of upfront sales commissions to dealers, which results in the discontinuation of all forms of the deferred sales charge option, including low-load options<sup>2</sup> (collectively, the **DSC option**) (the **Multilateral DSC Ban**). The Multilateral DSC Ban comes into force on June 1, 2022 (the **Effective Date**) in all CSA jurisdictions, except in Ontario.

On June 3, 2021, the Ontario Securities Commission published OSC Notice of Local Amendments to National Instrument 81-105 *Mutual Fund Sales Practices*, Local Changes to Companion Policy 81-105 *Mutual Fund Sales Practices* and Related Consequential Local Amendments and Changes<sup>3</sup> (the **OSC Notice**). The amendments published in the OSC Notice also prohibit the payment by fund organizations of upfront sales commissions to dealers, which results in the discontinuation of all forms of the DSC option, including low-load options (the **OSC DSC Ban**). The OSC DSC Ban comes into force on June 1, 2022, to coincide with the Effective Date of the Multilateral DSC Ban.

#### **Local Amendments and Changes**

As the Multilateral DSC Ban did not include Ontario, the amendments published in the Multilateral CSA Notice included certain provisions relating to Ontario (the **Ontario references**) in NI 31-103 and 31-103CP. Further to amendments published in the OSC Notice, the Ontario References are no longer applicable.

Once the Multilateral DSC Ban and the OSC DSC Ban come into effect on the Effective Date, the provisions requiring disclosure of the DSC option in the simplified prospectus, the fund facts document and pre-trade disclosure will no longer be applicable as the DSC option will no longer be offered (the **DSC references**). The OSC Notice published related consequential local amendments and changes in Ontario to remove DSC References from NI 81-101, 81-101CP, NI 31-103 and 31-103CP as of the Effective Date.

The Participating Jurisdictions are adopting the Local Amendments and Changes to remove the Ontario references and the DSC references as shown in Annexes A to F of this notice as of the Effective Date:

- Annex A Local Amendments to National Instrument 81-105 *Mutual Fund Sales Practices*
- Annex B Local Changes to Companion Policy 81-105 Mutual Fund Sales Practices

<sup>&</sup>lt;sup>2</sup> Under the traditional deferred sales charge option, the investor does not pay an initial sales charge for fund securities purchased, but may have to pay a redemption fee to the investment fund manager (i.e. a deferred sales charge) if the securities are sold before a predetermined period of typically 5 to 7 years from the date of purchase. Redemption fees decline according to a redemption fee schedule that is based on the length of time the investor holds the securities. While the investor does not pay a sales charge to the dealer, the investment fund manager pays the dealer an upfront commission (typically equivalent to 5% of the purchase amount). The investment fund manager may finance the payment of the upfront commission and accordingly incur financing costs that are included in the ongoing management fees charged to the fund. The low-load purchase option is a type of deferred sales charge option but has a shorter redemption fee schedule (usually 2 to 4 years). The upfront commission paid by the investment fund manager and redemption fees paid by investors are correspondingly lower than the traditional deferred sales charge option.

- Annex C Local Amendments to National Instrument 81-101 *Mutual Fund Prospectus Disclosure*
- Annex D Local Changes to Companion Policy 81-101 Mutual Fund Prospectus Disclosure
- **Annex E** Local Amendments to National Instrument 31-103 *Registration Requirements, Exemptions and Ongoing Registrant Obligations*
- **Annex F** Local Changes to Companion Policy 31-103 *Registration Requirements, Exemptions and Ongoing Registrant Obligations*

The Local Amendments and Changes are considered to be non-material changes.

The Local Amendments and Changes in the annexes to this Notice differ from jurisdiction to jurisdiction because of differences in the process and timing involved in implementing the Multilateral DSC Ban. Notwithstanding this, and subject to ministerial approval where required, the end result will be that on June 1, 2022, the affected national instruments and companion policies will be harmonized with respect to the DSC ban across all CSA jurisdictions.

The text of rule and policy consolidations on the websites of CSA members will be updated, as necessary, to reflect these Local Amendments and Changes.

#### ANNEX A

# LOCAL AMENDMENTS TO NATIONAL INSTRUMENT 81-105 MUTUAL FUND SALES PRACTICES IN ALBERTA

- 1. National Instrument 81-105 Mutual Fund Sales Practices is amended by this Instrument.
- 2. Section 1.1 is amended in paragraph (d) of the definition of "member of the organization" by adding "associate or" before "affiliate".
- 3. Section 3.1 is repealed.
- 4. This Instrument comes into force in Alberta on June 1, 2022.

#### ANNEX B

## LOCAL CHANGES TO COMPANION POLICY 81-105 MUTUAL FUND SALES PRACTICES IN ALBERTA

- 1. Companion Policy 81-105 Mutual Fund Sales Practices is changed by this document.
- 2. Part 4 of the Companion Policy is changed by adding the following section:
  - 4.1.1 Front-end load sales option The Canadian securities regulatory authorities are of the view that the Instrument does not preclude members of the organization of a mutual fund from facilitating the payment by a mutual fund investor to a participating dealer of a sales commission in connection with the purchase of mutual fund securities that is negotiated and agreed to exclusively between those two parties. For example, the participating dealer may remit to the member the gross proceeds of an investor's purchase of mutual fund securities from which the member may then deduct and remit the sales commission to the participating dealer on the investor's behalf pursuant to instructions received from the dealer..
- 3. This change becomes effective in Alberta on June 1, 2022.

#### ANNEX C

#### Investment mix (June 1, 20XX)

#### How risky is it?

The value of the fund can go down as well as up. You could lose money.

One way to gauge risk is to look at how much a fund's returns change over time. This is called "volatility".

In general, funds with higher volatility will have returns that change more over time. They typically have a greater chance of losing money and may have a greater chance of higher returns. Funds with lower volatility tend to have returns that change less over time. They typically have lower returns and may have a lower chance of losing money.

#### **Risk rating**

XYZ Mutual Funds has rated the volatility of this fund as medium.

This rating is based on how much the fund's returns have changed from year to year. It doesn't tell you how volatile the fund will be in the future. The rating can change over time. A fund with a low risk rating can still lose money.

For more information about the risk rating and specific risks that can affect the fund's returns, see the Risk section of the fund's simplified prospectus.

#### No guarantees

Like most mutual funds, this fund doesn't have any guarantees. You may not get back the amount of money you invest.

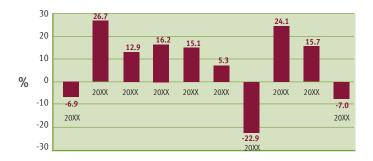

#### How has the fund performed?

This section tells you how Series B units of the fund have performed over the past 10 years. Returns are after expenses have been deducted. These expenses reduce the fund's returns.

#### Year-by-year returns

This chart shows how Series B units of the fund performed in each of the past 10 years. The fund dropped in value in 3 of the 10 years. The range of returns and change from year to year can help you assess how risky the fund has been in the past. It does not tell you how the fund will perform in the future.

#### Best and worst 3-month returns

This table shows the best and worst returns for Series B units of the fund in a 3-month period over the past 10 years. The best and worst 3-month returns could be higher or lower in the future. Consider how much of a loss you could afford to take in a short period of time.

	Return	3 months ending	If you invested \$1,000 at the beginning of the period
Best return	32.6%	April 30, 2003	Your investment would rise to \$1,326.
Worst return	-24.7%	November 30, 2008	Your investment would drop to \$753.

#### Average return

The annual compounded return of Series B units of the fund was 6.8% over the past 10 years. If you had invested \$1,000 in the fund 10 years ago, your investment would now be worth \$1,930.

#### Who is this fund for?

#### Investors who:

- are looking for a long-term investment
- want to invest in a broad range of stocks of Canadian companies
- can handle the ups and downs of the stock market.
- Don't buy this fund if you need a steady source of income from your investment.

#### A word about tax

In general, you'll have to pay income tax on any money you make on a fund. How much you pay depends on the tax laws where you live and whether or not you hold the fund in a registered plan, such as a Registered Retirement Savings Plan or a Tax-Free Savings Account.

Keep in mind that if you hold your fund in a non-registered account, fund distributions are included in your taxable income, whether you get them in cash or have them reinvested.

#### How much does it cost?

The following tables show the fees and expenses you could pay to buy, own and sell Series B units of the fund. The fees and expenses — including any commissions — can vary among series of a fund and among funds. Higher commissions can influence representatives to recommend one investment over another. Ask about other funds and investments that may be suitable for you at a lower cost.

#### 1. Sales charges

You may pay a sales charge when you buy the fund.

Sales charge option	What you pay		How it works
	in per cent (%)	in dollars (\$)	
Initial sales charge	0% to 4% of the amount you buy	\$0 to \$40 on every \$1,000 you buy	<ul> <li>You and your representative decide on the rate.</li> <li>The initial sales charge is deducted from the amount you buy. It goes to your representative's firm as a commission.</li> </ul>

#### 2. Fund expenses

You don't pay these expenses directly. They affect you because they reduce the fund's returns. As of March 31, 20XX, the fund's expenses were 2.30% of its value. This equals \$23 for every \$1,000 invested.

These are the fund's trading costs.	0.05%
the fund's expenses. If it had not done so, the MER would have been higher Trading expense ratio (TER)	. 2.25%
Management expense ratio (MER) This is the total of the fund's management fee (which includes the trailing commission) and operating expenses. XYZ Mutual Funds waived some of	
	Annual rate (as a % of the fund's value)

#### More about the trailing commission

The trailing commission is an ongoing commission. It is paid for as long as you own the fund. It is for the services and advice that your representative and their firm provide to you.

XYZ Mutual Funds pays the trailing commission to your representative's firm. It is paid from the fund's management fee and is based on the value of your investment. The rate depends on the sales charge option you choose.

Sales charge option	Amount of trailing commission		
	in per cent (%)	in dollars (\$)	
Initial sales charge	0% to 1% of the value of your investment each year	\$0 to \$10 each year on every \$1,000 invested

#### 3. Other fees

You may have to pay other fees when you buy, hold, sell or switch units of the fund.

Fee	What you pay
Short-term trading fee	1% of the value of units you sell or switch within 90 days of buying them. This fee goes to the fund.
Switch fee	Your representative's firm may charge you up to 2% of the value of units you switch to another XYZ Mutual Fund.
Change fee	Your representative's firm may charge you up to 2% of the value of units you switch to another series of the fund.

#### What if I change my mind?

Under securities law in some provinces and territories, you have the right to:

- withdraw from an agreement to buy mutual fund units within two business days after you receive a simplified prospectus or Fund Facts document, or
- cancel your purchase within 48 hours after you receive confirmation of the purchase.

In some provinces and territories, you also have the right to cancel a purchase, or in some jurisdictions, claim damages, if the simplified prospectus, annual information form, Fund Facts document or financial statements contain a misrepresentation. You must act within the time limit set by the securities law in your province or territory.

For more information, see the securities law of your province or territory or ask a lawyer.
